

The Experimental Aircraft Association was originally founded by do-it-yourself airplane builders. It has since grown into a worldwide non-profit organization not only dedicated to aircraft homebuilders, but encouraging aviation enthusiasts of all walks of life to promote aviation. Whether you are interested in getting a pilot license, being an Air Traffic Controller, Aircraft Mechanic, Airport Manager, or just helping your local EAA Chapter with our activities, this organization is a great place to start. Scholarship amounts can vary from \$1000 to \$10,000 depending on the quality and commitment of the applicant. If you are interested in Aviation and would like to pursue a related endeavor, please apply for our scholarship.

**REQUIREMENTS:**

- Scholarship money must be used for an aviation related endeavor
- Minimum age for application is 16
- If you are a student, please attach a transcript
