

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

1. absolute value

2. acute angle

3. acute triangle

4. adjacent

5. altitude

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

6. apothem

7. arc (of a circle)

8. area

9. associative law (or property)

10. average

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

11. base (in a number system)

12. base (of a geometric figure)

13. binomial

14. bisect

15. box and whisker diagram

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

16. cardinal points

17. cartesian plane

18. centimeter

19. central angle

20. central tendency

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

21. circle

22. circumference

23. circumscribed

24. coefficient

25. collinear

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

26. common denominator

27. common factor

28. common multiple

29. commutative law (or property)

30. complementary angles

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

31. concave polygon

32. cone

33. congruent

34. consecutive angles

35. consecutive sides

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

36. constant term

37. convex polygon

38. coordinate system

39. coplanar

40. corresponding angles

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

41. cosine

42. coterminal

43. counter example

44. cube

45. cube root

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

46. cubic

47. cylinder

48. decagon

49. decimal

50. decimal point

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

51. degree

52. denominator

53. dependent variable

54. diagonal

55. diameter

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

56. dilation

57. distance

58. distributive property (or distribution)

59. dividend

60. divisor

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

61. domain

62. equation

63. equiangular

64. equidistant

65. equilateral polygon

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

66. even number

67. exponent

68. exponential notation

69. expression

70. exterior angle

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

71. face

72. factor

73. fraction

74. function

75. heptagon

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

76. hexagon

77. histogram

78. horizontal

79. hypotenuse

80. hypothesis

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

81. i (as in complex numbers)

82. imaginary number

83. improper fraction

84. independent variable

85. inequality

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

86. infinity

87. inscribed

88. integer

89. intercept (in coordinate system)

90. intercept form of a linear equation (also called slope-intercept form)

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

91. interior angle

92. interquartile range

93. inverse

94. irrational number

95. isosceles triangle

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

96. leading coefficient

97. least common denominator

98. least common multiple

99. linear function

100. matrix

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

101. mean (as in a measure of central tendency)

102. median (as in a measure of central tendency)

103. mid-point (of a segment)

104. mixed fraction

105. mode (as in a measure of central tendency)

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

106. monomial

107. multiplicand

108. net (as in geometry)

109. numerator

110. obtuse angle

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

111. octagon

112. odd number

113. odds

114. origin

115. outlier

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

116. oval

117. parabola

118. parabolic

119. parallel

120. parallelogram

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

121. pentagon

122. percent

123. perimeter

124. permutation

125. perpendicular

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

126. pi

127. polygon

128. polynomial

129. probability

130. Pythagorean theorem

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

131. quadrant

132. quadratic equation

133. quadratic formula

134. quadrilateral

135. radius

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

136. range (of a data set)

137. range (of a function)

138. ratio

139. rational function

140. ray

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

141. real number

142. reciprocal

143. rectangle

144. reflection (as in a transformation)

145. regular polygon

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

146. rhombus

147. right angle

148. rise (as in slope of a line)

149. root (of a quadratic equation)

150. scalene triangle

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

151. segment

152. semicircle

153. similar

154. slant height

155. slope

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

156. solution set

157. sphere

158. square root

159. statistics

160. stem and leaf plot/display

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

161. step function

162. straight angle

163. substitution

164. supplementary angles

165. symmetry

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

166. tangent line

167. tangent (as in a trig function)

168. term

169. tessellation

170. translation

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

171. transversal

172. triangle

173. trapezoid

174. trigonometric functions

175. variable

ALC Math "Need to Know" Vocabulary. Name: _____

Try www.icoachmath.com, www.mathisfun.com, or others on your list.

Please define/describe **and** give an example of the following vocabulary words (if needed, use additional paper):

176. vertex

177. volume

178. x-axis

179. y-axis

180. zero (of a function)
