

ISD 318 Student Device Program Policies & Guidelines Student and Parent Agreement

Access to the technology in ISD 318 has been established for educational purposes. The use of ISD 318's electronic technologies is a valued resource to our community. All electronic technologies must be used in support of the educational programs of the District. This access may be revoked at any time for abusive or inappropriate conduct related to the use of electronic technologies. When students use ISD 318 technology resources, they must adhere to the following guidelines:

1. Take responsibility for their actions while using the school's technology resources, network and the internet.
2. Use the internet only as a tool for classroom assignments and school related topics.
3. Follow copyright laws. Realize that copyright information and graphics can be used only after the author has given written permission.
4. Only access files they have been authorized to access.
5. Only send and receive email using their assigned district accounts. Both sent and received messages must be respectful and follow District policies and guidelines as written in School District 318's Internet Acceptable Use and Safety Policy 524.
6. Refrain from sharing personal information about themselves and others on the internet.
7. Be conscientious when using limited resources, such as paper or time.
8. Use all technology hardware responsibly. Any deliberate tampering or misuse of the District's network or equipment will be considered vandalism and handled as such.

Failure to comply with the District's Internet Acceptable Use and Safety Policy #524, the Bullying Prohibition Policy #514 or the guidelines stated in this document for care and use of the technology device may result in the loss of privilege to take the technology device home or use the technology device in general.

The technology device is the property of ISD 318 and as a result may be seized and reviewed at any time. The student should have NO expectation of privacy of materials found on a technology device. School owned technology devices must not be synced to any other computer.

All app store capabilities are disabled on all school owned student devices for the protection of software licensing. Applications (Apps) will be downloaded (synced) at school by school personnel. In order to manage this process, common sync days will be set by the District. The District requires that all devices are returned to school for updates as needed. All apps will be purchased by the District for academic use and are the property of ISD 318.

**ISD 318 Student Device
Program Policies & Guidelines
Student and Parent Agreement**

I/We have read all the policies and guidelines in the ISD 318 Student Device Program Policies & Guidelines document and understand my responsibilities as a student in the 1:1 Student Device Program:

Student: _____ Date: _____

Parent/Guardian: _____ Date: _____

Independent School District 318

Employee Acceptable Use of Electronic Technologies

I hereby acknowledge that I have read the Independent School District 318's Internet Acceptable Use and Safety Policy (524). Any use I make of the School District's information technology resources, including but not limited to computer, iPads, E-mail, and Internet access will be in accordance with the terms of this policy as well as any related directive issued to me by my supervisor(s).

I understand that if I violate the terms of the policy or directives related to the use of the School District information technology resources, I may be subject to discipline, up to and including discharge. Any such disciplinary action would be subject to applicable due process procedures.

I understand that the School District can and will monitor use of its information technology resources without notice to users.

I also understand that useful as well as inappropriate material may be accessed through the School District's information technology resources and agree to hold the district harmless for any injury incurred by accessing information that I may find harmful.
