

Our pledge to you as we return to learn

Together we will Reopen. Reconnect. Reimagine.

Pledge #1: Health and Safety

ISD 318 is dedicated to providing a healthy and safe learning environment for all students, staff, and community.

ISD 318 will communicate with and educate our families, students, staff, and community members about the importance of self-screening, frequent hand washing, hygiene practices, cleaning protocols, and other measures taken to support our prevention, mitigation, and response efforts related to COVID-19.

ISD 318 will continue to follow all guidance from federal, state, and local health authorities.

Pledge #2: High Quality Instruction

ISD 318 is dedicated to providing a high-quality education for all of its students, regardless of the instructional model.

ISD 318 is planning for three potential scenarios.

- In-person learning for all students
- Hybrid learning with physical distancing and capacity limits
- Distance learning only

We have a group of teachers and administrators helping us plan for learning in a new way so we can make sure we are doing the best job we can ensuring students have equitable access to a high-quality education and we have systems in place to support students, families, and staff regardless of the educational model.

ISD 318 will follow all guidance and regulations outlined by the Department of Education.

Pledge #3: Student, Family, and Staff Support

ISD 318 is dedicated to providing academic, social, and emotional support to students, families, and staff.

Administrators, teachers, and counselors are committed to supporting our families and staff through educational changes. Community resources will also be available to share with students, parents, and staff.

Pledge #4: Opportunities for Input and Feedback

ISD 318 is dedicated to providing opportunities for students, families, and staff to give needed input on implementation of our learning plan.

Our district leadership team is committed to gathering input from stakeholders on implementation of the Governor's decision for the fall learning model.
