

District 318 Title I Parent Involvement Plan

2024-2025

District 318 is committed to the goal of providing quality education for every child in this district. To this end, we want to establish partnerships with parents and with the community. Everyone gains if school and home work together to promote high achievement by our children. Neither home nor school can do the job alone. Parents play an extremely important role as children's first teachers. Their support for their children and for the school is critical to their children's success at every step along the way.

Each elementary school's Title I Parent Involvement Committee plans, supports, and reviews the Parent Involvement and Engagement activities for District #318.
