

## BASIC PSYCHOLOGICAL PROCESSES CHECKLIST

### Parent Questionnaire

Student's Name:

Grade:

Parent Name:

Date:

Each section below represents one component of information processing. This informal measure will be used to plan appropriate services for the student.

Please rate the student on the following behaviors by checking *Strength*, *Typical*, or *Difficult*. These ratings will help determine how the student processes information.

Checking **Strength** indicates that the student demonstrates the skill beyond what is expected of a typical peer

Checking **Typical** indicates that the student demonstrates the skill at a level typical of same age peers

Checking **Difficult** indicates that the student demonstrates the skill at a level less than a typical peer

*In considering your ratings, it may be helpful to compare your child to siblings or his/her other same age friends.*
