Early childhood developmental screening helps a school district identify children who may benefit from district and community resources available to help in their development. Early childhood developmental screening includes a vision screening that helps detect potential eye problems, but is not a substitute for a comprehensive eye exam. This screening does not replace on-going care from your health care provider or dentist.

### A. This Screening includes:

- Review of your child's immunization record
- Check of your child's growth, such as height and weight
- Tests for possible hearing problems
- Tests for eye health, including how well your child can see
- Review of any other factors that might interfere with your child's health, growth, development or learning
- Check of your child's development
- Your report of your child's growth and learning
- Information about your child's health care and insurance
- Information about community resources and programs based on your child's or family's needs

### B. If this screening is a Child and Teen Checkup, Head Start, or other equivalent screening it may also include:

- Check of your child's present, past, or other family health
- Check of your child's pulse, respirations and blood pressure
- Unclothed physical screening of your child's skin, head, eyes, ears, nose, throat, mouth, neck, chest, heart, lungs, abdomen, genitals, arms, legs, spine, and muscles
- Check of your child's teeth, gums, and mouth
- Test for exposure to tuberculosis
- Urine test for possible problems
- Blood test for anemia
- Blood test for lead
- Other

### Child and Parent Rights, Obligations, and Assurances

1. The standards for screening are the same for every child regardless of race, income, creed, sex, national origin, or political beliefs.
2. Screening is required for your child's entry into public school kindergarten or first grade. You can also meet this requirement if your child has participated in a screening in the past year through Head Start, Child and Teen Checkups, or an equivalent developmental screening through another health provider that includes all required early childhood screening components. You or your provider will need to give summary results of the equivalent to your child's school district.
3. Screening is not required for your child's entry into kindergarten or first grade if you are a conscientious objector to screening. You will need to provide a written statement to your child's school district that documents your conscientious objector status.
4. You have the right to refuse to answer questions or provide information and still receive the rest of the required screening components.
5. You have the right to refuse an assessment, diagnosis, and possible treatment for your child.
6. Your child's medical assistance eligibility or eligibility in any other health, education, or social service programs will not be affected if you refuse this screening or any parts of this screening.
