Welcome!

Welcome to Independent School District #318, Grand Rapids Public Schools.

The purpose of the handbook is to acquaint you with general Board of Education policies that govern and affect your employment and to outline the benefits available to you as an employee of the District.

Because this handbook is a general source of information, it is not intended to be, and should not be interpreted as, a contract. It is not an all-encompassing document and may not cover every possible situation or unusual circumstance. If a conflict exists between information in this handbook and Board policy or administrative procedures, the policies and procedures govern. It is the employee's responsibility to refer to the actual policies and/or administrative procedures for further information. Complete copies of those documents are available at the Administrative Services building and in the Principal's or Supervisor's office and on the District web site. Any employee is free to review official policies and procedures and is expected to be familiar with those related to his/her job responsibilities.

Future Policy Changes

Although every effort will be made to update the handbook on a timely basis, ISD #318's Board of Education reserves the right, and has the discretion, to change any policies, procedures, benefits, and terms of employment without notice, consultation, or publication, except as may be required by contractual agreements and law. The District reserves the right, and has the discretion, to modify or change any portion of this handbook at any time.

Equal Opportunity Employment

ISD 318's Board of Education is an Equal Opportunity Employer. The District does not discriminate on the basis of age, color, disability, race, national origin, religion, sex, sexual orientation or veteran status, as required by law.

Reasonable accommodation for individuals with disabilities will be made as required by law.

If you have questions concerning District compliance with state and federal equal opportunity employment laws, contact the Human Resource department.

An absence is personal or vacation time when the certified ISD 318 employee is going as a parent or non-facilitator, and not due to their position in the school district.

Crisis Management Plan

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis. Policy 806, Crisis Management Policy, is available on the school district [website](#).

Crowd Source / Internet Fundraising

Staff members reviewing fundraising options occasionally research internet crowd source options. All district fundraising or gift guidelines apply to staff seeking funds from internet sources as these donations can only be made to the district – not to individual staff members. Digital Content Code of Conduct

The following code of conduct was developed to guide employee actions in digital formats. ISD 318 strongly believes in creating a learning and working environment that is positive and welcoming to all.

We encourage the use of social media and digital communications as a method of connecting and collaborating with our community. We also encourage employees to keep in mind that even outside of school hours, they are seen as employees of the school district. We are working together to achieve a positive, informed, communicative school community.

Blogs, Wikis, Podcasts, Digital Images & Video

Personal Responsibilities

- ISD 318 employees are personally responsible for the hosted content they publish online. Be mindful that what you publish on social media channels will be public for a long time— protect your privacy.
- When posting online, please remember that you are an employee of ISD 318 and representative of your colleagues, students, parents and the school community.
- Your online behavior should reflect the same standards of honesty, respect and consideration that you use face-to-face.
- Do not post photos or movies of fellow employees without their permission. Do not use photos or movies taken at school without permission. Do not post photos or movies on a personal page that contain students if you do not have express parental consent.

- There are many websites that allow users to share personally created movies. You are responsible for all you do, say and post online including videos. Anything posted online should represent you in a professional manner, as others will see you as connected to ISD 318. It disrupts learning when teachers, employees and staff post videos with questionable content.
- When posting online be sure not to post confidential student information.

Facebook, Twitter and Instagram

Personal uses of social networking sites

- ISD 318 staff and employees are personally responsible for all comments/information and hosted content they publish online. Be mindful that things such as tweets and status updates will be visible and public for a long time.
- By posting comments, having online conversations, etc. on social media sites you are broadcasting to the world, be aware that even with the strictest privacy settings, what you 'say' online should be within the bounds of professional discretion. Comments expressed via social networking pages under the impression of a 'private conversation' may still end up being shared into a more public domain, even with privacy settings on maximum.
- Comments related to ISD 318, its employees, staff and events related to ISD 318, should always meet the highest standards of professional discretion. When posting, even on the strictest settings, staff should act on the assumption that all postings are in the public domain.
- Before posting photographs and videos, permission should be sought from the subject where possible. This is especially the case where photographs of professional colleagues are concerned.
- Before posting personal photographs, thought should be given as to whether the images reflect on your professionalism.
- Photographs relating to alcohol or tobacco use may be deemed inappropriate. Remember, your social networking site is an extension of your personality, and an extension of your professional life and classroom. If it would seem inappropriate to put a certain photograph on the wall, then it should be considered inappropriate to post online.
- Microblogging (Twitter, Facebook, Tumblr, Instagram, etc.) comments made using such media are not protected by privacy settings. Employees should be aware of the public and widespread nature of such media and refrain from any comment and/or #hashtags that could be deemed unprofessional. # (Hashtags) that tag students and provide personal financial gain are prohibited. ISD 318 students are not to be used as promotional material.
- All ISD 318 employees who choose to utilize Facebook, Twitter or Instagram or any other social media platform to provide classroom information to students and parents must create a "teacher" page or classroom group. Posts must be exclusively about classroom or school activities.

Fragrances

Exposure to fragrances and scents can cause some students and/or staff to experience asthma or allergic reactions, including upper respiratory irritation, headaches, and other symptoms. All district employees and anyone using space in the district are discouraged from using scented personal products, (such as perfume, cologne, aftershave, hairspray, and body lotion) air fresheners and essential oil devices. Employees are encouraged to use low odor or fragrance free products. In addition, the district selects maintenance and cleaning products that are fragrance free or low odor and discourages the use of scented cleaning products.

Direct Deposit

All new employees will have their wages directly deposited into their bank account on payday. Instead of a paycheck, employees view their pay information by clicking on the “My Paycheck” link on the ISD 318 [website](#).

Dress Code

Employees of the District are obligated to dress appropriately for the job. Some buildings allow more casual, but appropriate dress on Fridays. Contact your building administrator with questions.

Drugs and Alcohol

District 318 addresses the use of alcohol and drugs by employees according to statute and District Policy. Penalties for violating District policy can be found in the School District Policy Manual which is available under School Board on the District [website](#).

E-Mail

The District Technology Services Department provides e-mail service throughout the District for business use. Contact this Department for installation, repair, training and other related questions. The preferred method of District communication will be through our e-mail system.

Staff will receive district news, updates, and notifications of changes through email. Employees should monitor their email on a regular basis and respond to emails within a reasonable amount of time.

Staff are not expected to monitor or respond to district emails outside of their duty day, except in the case of an emergency.

Further detail on e-mail use by district staff can be found in the School District Policy Manual.

Emergency School Closings

Occasionally schools are closed for emergency reasons such as inclement weather or mechanical problems. Employees should refer to their contracts to determine if they are required to report to work. Personal judgment should be used when personal safety issues warrant. Employees should contact their immediate supervisor with questions. Public notifications are broadcast on several local radio and TV stations and an Instant Alert system. It is important that employees notify the payroll office when they change phone numbers so the Instant Alert system can be kept updated.

Employee Assistance Program (EAP)

An EAP provides confidential, professional counseling to help employees identify, cope and develop solutions for the problems they or their families may be experiencing. The District makes this program available to all employees who are certified to work more than 10.5 hours

per week. We contract with National Insurance Services. They can be reached at 866-451-5465. They also have a web site: www.NISBenefits.com (Your password is NISenhanced)

Three counseling sessions are available to each employee every calendar year, at no cost.

Employee Conduct

An employee who participates in or encourages activities that disrupt the educational process, whether on school property or at school-sponsored events and activities, may be subject to disciplinary action that may include termination.

Facility Use

All staff use of District facilities must be prearranged. On the website under Services you will find a [Staff Facility Use Form](#).

Flexible Spending Program

The District contracts with Further to provide this tax-free benefit to our employees. By projecting dependent care expenses and those medical expenses not covered by insurance, employees can set aside an amount each payday that is deducted before State, Federal, and Social Security taxes are determined. Employees must be certified to work at least 10.5 hours per week to participate in the flex plan. An annual enrollment takes place in May; enrollment forms must be submitted to the Payroll Office by June 15th of each year.

When projecting annual expenses, employees should be conservative. With the exception of those eligible for a medical rollover, any money that is deducted but not claimed is not returned.

Health insurance premiums for our health plan are automatically flexed. However, health insurance premiums paid through any other plan (such as a spouse's) are not an eligible expense. Flexed expenses reduce your taxable income and may not be claimed as a deduction on your annual tax return. The customer service number for Further is 1-651-662-5065.

FMLA

Employees who have worked at least 12 consecutive months and 1,250 hours in the previous year, are eligible for up to a total of 12 weeks' unpaid leave time during a 12-month period for birth, placement of child for adoption or foster care, to provide care for Employee's own parent (including individuals who exercise parental responsibility under state law), child, or spouse with serious health condition, or Employee's own serious health condition. A "Serious Health Condition" is defined as an illness, injury, impairment, or physical or mental condition involving incapacity or treatment connected with inpatient care in hospital, hospice, or residential medical-care facility; or, continuing treatment by a health care provider involving a period of incapacity: (1) requiring absence of more than 3 consecutive calendar days from work, school, or other activities; (2) due to a chronic or long-term condition for which treatment may be ineffective; (3) absences to receive multiple treatments (including recovery periods) for a condition that if left untreated likely would result in incapacity of more than 3 days; or (4) due to any incapacity related to pregnancy or for prenatal care.

Military Caregiver Leave under FMLA: If you are the spouse, parent, son, daughter, or next-of-kin of a covered service member, and you have worked at least 12 consecutive months totaling 1,250 hours or more, you may be entitled to military caregiver leave. Military caregiver leave allows you to take up to a total of 26 workweeks of unpaid leave during a single 12-month period to take care of your military relative if he or she has a qualifying serious injury or illness. A serious injury or illness is one that is incurred by a service member in the line of duty on active duty that may cause the service member to be medically unfit to perform the duties of his or her office, grade,

rank, or rating. A serious injury or illness also includes injuries or illnesses that existed before the service member's active duty and that were aggravated by service in the line of duty on active duty.

Qualifying Exigency Leave Under FMLA: If your spouse, parent, son or daughter is a military member who is deployed or has been notified of an impending deployment to a foreign country, you may be entitled to qualifying exigency leave. Qualifying exigency leave allows you to take up to a total of 12 workweeks of FMLA leave for qualifying exigencies, such as making different day care arrangements for the military member's children or attending official military ceremonies as your family member prepares to deploy.

FMLA leave requests are to be made by Employee at least 30 days prior to date leave is to begin where need is known in advance or, where not foreseeable, as soon as practicable. Employees will be restored to the same position or one equivalent to it once FMLA leave has ended.

Those not operating equipment can use a single ear bud or low volume radio with supervisor approval.

Hours worked by hourly employees will be tracked using the Frontline Electronic Time Keeping System. Hourly employees are required to clock in and out at their scheduled start/end time each day. Clocking in/out is not necessary for break or lunch times unless specifically directed to do so by the HR office.

Official Time of Record

The Frontline time keeping system is the official basis for recording hours worked for hourly employees of the Grand Rapids School District.

Daily Clock in/Out Requirement

It is a job requirement that all hourly employees clock in at the beginning of a work day and clock out at the end of a work day at their place of work.

- Employees need to log in and out within 5 minutes of their assigned scheduled times. It is a district expectation that employees may 'on occasion' clock in late and/or clock out early within the rounding allowance on the time clock system – but never on a daily basis. Individuals consistently clocking in after their scheduled start time (yet within the rounding time frame) or consistently clocking out prior to their scheduled end time (yet within the rounding time frame) will be considered in violation of acceptable clocking protocol and are subject to disciplinary action.
- Employees are to log out and back in if they leave their work site for non-district business (dentist, non-district meeting, errand, etc.).
- Employees must log out if they are leaving (and not returning) to a site within the district prior to the end of their normal schedule
- Any accumulation of extra or overtime must be approved in advance of the actual time worked.

Non-Compliance, Falsification, Tampering and Unauthorized Viewing

The following activities are strictly prohibited and will result in disciplinary action:

- Any attempt to tamper with time keeping hardware (i.e., computer clocks) or software
- Failure to follow appropriate procedures for clocking in/out
- Sharing of or possession of another employee's identification
- Logging in or out for another employee (a.k.a., 'Buddy Punching')
- Anyone interfering with other employee's use of Frontline
- Unauthorized viewing of another employee's time in Frontline

Clock Problems

If an employee is unable to log in or out, it is the employee's responsibility to immediately inform the building secretary, principal or immediate supervisor. In this situation, the building secretary will manually clock the employee in or out. The building secretary will then notify the HR office and Technology Department of any clock problems.

Holidays

Holidays are identified as no-work days on the Frontline system. Additional pay (if applicable per contract) will generate for these days if worked.

Lunches

If applicable to your position, your lunch break will automatically be deducted. Employees do not have to clock in or out for lunch breaks. If an employee does not take their lunch on a given day, they must notify their building principal or director to request a time keeping adjustment.

Unreported Hours

Hourly employees are not permitted to work from home. Employees are required to log in before performing any work. Once an employee has logged in, he/she is responsible for starting work. Employees are not permitted to log out until the employee actually stops working.

Forgetting to clock in or out is not a legitimate reason for working off the clock. Employees that under report or fail to report hours worked are subject to disciplinary action.

Processing of Electronic Time Reports

The payroll office will close the pay period in Frontline according to a present schedule to ensure that time adjustments and leave taken are properly recorded. Therefore, it is imperative that Campus Administrators (Building Secretaries, Directors, and Principals) resolve all time keeping issues within three (3) business days of the end of each pay period.

Disputes Over Time Clocked in or Out

The dispute will be properly documented by the Supervisor, signed by both the Supervisor and the employee and submitted to the Human Resource Director for further investigation and resolution.

Overtime or Extra Time

Overtime and/or extra time must always be authorized in advance by a Supervisor.

Principals and Directors

Principals and Directors are to review the time data information for each employee each pay period. Principals or Directors must approve all timesheets for their location/department three (3) business days after the end of each pay period.

Bona Fide Volunteers

Bona fide volunteers are generally described as individuals who perform hours of service without promise, expectation or receipt of compensation for services rendered. If these conditions are met, an individual will not be subject to FLSA (Fair Labor Standards Act).

Hourly (non-exempt) employees may not volunteer to perform their regular duties without compensation.

Training

Hands on training will be provided on an 'as needed' basis.

Definition of Non-Exempt Employee

Hourly (non-exempt) employees are determined by FLSA and they include positions such as educational professionals, secretaries, maintenance workers, custodial staff, food service workers, clerical staff, etc. Please contact the Human Resource office for questions about specific positions.

Absence Reporting

The following sections do not pertain to at-will employees

All 318 employees must request approval to be absent during any regular scheduled duty days/shifts using the Frontline Absence system. Most employees are required to enter absences on the automated absence reporting/sub calling system which can be accessed either by phone or by internet. (Only Bus Drivers are exempt at this time from using this automated system.)

Requests must be entered prior to the absence in order to be properly processed. The procedure follows:

1. Employee enters request to be absent prior to the occurrence.
2. Supervisor electronically approves/denies the request. (The employee will be notified once the supervisor has approved/denied the request.)
3. Absence occurs, if approved.
4. Supervisor verifies absence after it occurs (start and end time, name of sub code, etc.).
5. Information is uploaded into the payroll system for processing of leave time and substitute payments (when a sub has been employed to fill the vacancy).

Absences can be entered either by phone or by computer up to the end of the workday on the day of the actual absence. If an employee forgets to enter it prior to the day of the absence, he/she may go in at any time during the day of the absence to enter it. Employees will need to contact the HR office if they forget to enter an absence prior to the day of the absence. All absences from duty must be accounted for. Each employee will take responsibility for reporting their own absence by following the proper procedure. Please report absences in the proper manner and time frame. Recurring failure to follow the absence procedure will be considered a deficiency.

Sick leave absences beyond the employee's available accrued balance of days/hours will require a doctor's verification upon return to work. The medical verification should be submitted to the employee's direct supervisor. The supervisor will process the medical verification to the HR office. The absence will be considered unexcused until medical verification is processed.

Personal and vacation absences beyond the days/hours provided by contract will be considered unexcused. Pre-approval needs to be sought from the HR office for provision of an excused absence beyond days/hours provided. Such approval will be limited to rare occasions (annual requests will not be approved).

Absenteeism beyond the contractual personal/vacation days provided by the district creates unnecessary educational disruption for the students. ISD #318 places high value on each employee position. Thus, the expectation for employees is to plan to be in attendance for all scheduled days along with provided sick, personal and vacation days.

Minimum Absence Time

Hourly employees: one hour minimum absence
Salaried employees (non-teachers): quarter day minimum absence
Teachers: half day minimum absence
