

Schoolwide Plan Template

A Schoolwide program is a comprehensive school improvement effort designed to elevate the entire educational program of a Title I school. The Schoolwide program option is based on the premise that comprehensive reform strategies — rather than separate, add-on services — are most effective in raising the achievement level of students most at risk of not meeting academic standards. Multiple resources including Title I funds are used to strengthen the academic program in the school for all students and accelerate the progress of students who would otherwise be eligible for Title I Targeted Assistance services.

This document identifies the requirements to operate as a Title I schoolwide program.

How will the strategies and staff action specifically strengthen the school’s academic program and address the learning needs of all students including but not limited to students at risk of not meeting standards? [Limit response to 100 words or 600 characters.]

As a Schoolwide program, how will Title I funds be used in ways that are not possible with Targeted Assistance services? [Limit response to 100 words or 600 characters.]

Stakeholder Engagement

Identify family members, staff representation of all school groups, grade level representatives, curriculum specialists, and stakeholders such as board members and community members, involved in guiding the process for the comprehensive needs assessment or annual evaluation, the development or revision of the plan, and its implementation. Maintain supporting documentation such as meeting agendas, sign-in sheets, meeting minutes or notes which include the questions asked for input and decisions made.

Comprehensive Needs Assessment or Annual Evaluation Summary

Identify the data sources used for each of the five different types of data:

1. Student Academic Data: _____
2. Student Non-Academic Data: _____
3. Perception Data: _____
4. Program, Process, Policy Data: _____
5. Fidelity Data: _____

What successes were identified?

1. _____
2. _____
3. _____

What **Area(s) of Greatest Need** were identified?

1. _____
2. _____
3. _____

School Improvement Strategy #1

Area of Greatest Need – What problem identified by the Comprehensive Needs Assessment or Annual Evaluation is the school trying to solve? If focusing on an academic area, be specific, yet concise, about the specific aspect, skill or knowledge that most needs to be addressed.

Root Cause(s) of the need – *A root cause is an early controllable factor in a chain of factors which impact student learning.*

Strategy selected to address the root cause(s) – *A school improvement strategy is a plan of action designed to change school practice and improve student outcomes. The strategy should be based on evidence of improving outcomes when implemented with fidelity. [Note: The school could use more than one strategy to address an area of need. A school should not implement more than three strategies at one time.]*

If using an **evidence-based strategy**, identify the specific source indicating the strategy's likely effect on improved outcomes:

- The strategy is based on [Choose one of the options to indicate the level of evidence]:
 - ___ strong evidence from an experimental study
 - ___ moderate evidence from a quasi-experimental study
 - ___ promising evidence from a correlational study
 - ___ a rationale using high-quality research findings or a positive evaluation

School Match – Briefly explain how the strategy is an appropriate match for the school's needs, student population, capacity and other conditions.

SMART Goal – State a goal which is **specific** about the area for improvement, **measurable** as an indicator of progress, **assignable** to staff primarily responsible for implementing the strategy, **realistic** about the outcomes that can be achieved, and **time-bound** for when outcomes can be achieved.

Implementation Plan for Strategy #1

Action Step	Position(s) Responsible	Resources Needed	Start Date	End Date	Expected Outcome of the action and measure of whether it was achieved

Annual Evaluation for Strategy #1

Identify the process and measure(s) that will be used to determine:

- the fidelity of implementing the strategy as intended

- progress toward achieving the SMART goal of improved outcomes
